Demos	Projects	Resume

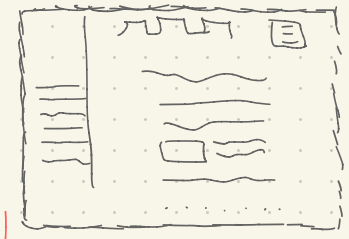
Emphasized as the current page somehow
could be larger font, color, both or underline, etc

Accordion

- Beliefmap.org
- Ratio Christi.com
- Location Pinpointer (some snazzy name)

  On this project I designed the user experience, and built the page using react + google maps.



onclick: routes to live Page OR demo/map

- Adviserly.com

Accordion example

https://react-bootstrap.github.io/components/accordion
